

Woodworking Safety Rules

Always follow these company safety rules.

Our company, _____, is committed to the safety of our employees and customers. Our safety rules and policies are in place to prevent work-related deaths, injuries, damages, and wasteful financial losses.

We require you to follow the written safety rules below when performing work on behalf of our company. Our organization investigates all injuries, incidents, hazard reports, and property damage.

You are expected to follow these safety rules. Documented corrective action will result if the safety rules are not followed.

- Report injuries, incidents, unsafe conditions, and damage to management before the end of your workday.
- Contact your supervisor whenever an injury or after-hours incident occurs or for any other business-related emergencies.
- Employees are prohibited from working while impaired by alcohol, illicit drugs, legal substances, or medications.
- Our organization performs post-incident drug and alcohol screenings.
- Horseplay on the job is strictly prohibited.
- Drivers and passengers must wear seat belts when using company vehicles, driving personal vehicles for business or operating heavy equipment.
- Do not operate a vehicle when fatigued.
- Cell phone use while driving and on the job is prohibited.
- Safe and courteous driving is required. Follow speed limits, do not tailgate and maintain a safe following distance.
- Perform a safety check of equipment and vehicles before use. Report any maintenance concerns.
- Do not use equipment unless you have been trained or authorized.
- Wear eye protection when using equipment
- Use push sticks to move wood through table saws.
- Keep building structural components clear of sawdust.
- Clean up spills and hazards immediately.
- Two-person lifts are required when machinery or supplies weigh over 50 lbs.
- Use machinery to move bulky items when possible.
- Use stepladders on a firm, level base and never use the top two rungs. Set up extension ladders on a safe base and secure the ladder to prevent kick-out or tip back/over.
- Maintain three points of contact when using ladders, and do not overreach.
- Use only sharp cutting tools. Remove dull tools from service.
- Do not remove guards from machines, defeat or bypass safety devices, or defeat shields provided on machines.
- Lock out / tag out machines during maintenance.
- Do not block fire alarm pull stations, emergency exit lighting or fire extinguishers.
- Do not use damaged, worn or kinked extension cords.
- Keep the area around surge protectors clean and clear to allow for cooling airflow.
- Know the severe weather plan.
